THE VDL STUD

In 1972 Wiepke van de Lageweg bought his first horse for breeding. What started for him as a hobby with only one breeding mare, expanded into an international operating family company: The VDL Stud (located in a little village in the north of Holland).

The VDL stud has a modern facility to train young horses, a breeding facility with approximately 70 breeding mares and an European Certified Stallion Station with more than 50 approved stallions, who are stationed all over the world.

Through a strict selection over the years the breeding program of the VDL Stud is existing out of excellent breeding mares with the best bloodlines.

Raising the young horses healthy is very important and at the same time training them in the right way. So anybody who wants a horse can find one, which fits to his or her needs.

Dear Friends,

We are very proud that Equestrian Sport Productions has asked us again to provide horses for the 2017 WEF Sport Horse Auction. This means a great deal to us as WEF is one of the top horse shows in the world and a great place to showcase the quality of our horses.

Over the years VDL Stud has produced a long list of great sport horses that were medal winners at Olympic Games, World Equestrian Games, European Championships and winners at Grand Prix and World Cup qualifiers. 2016 has been a great year again for our Stud with a list of great results. Zirocco Blue NOP was very successful in with the Dutch Team in the Nation Cups, Our stallions Glasgow van 't Merelsnest, Carrera VDL, Arezzo VDL, Cartello VDL, Baltic VDL, Corporal VDL where all successful at the International GP's. Top talents Etoulon VDL, Durango VDL, Dakar VDL, Comfortuna VDL and Freeman VDL all debuted at International level with great results and a lot of expectations for the future. Global Express VDL won the 5 year old Championship in Holland. Farrell VDL was 6th at the World Championship for 6 year olds in Lanaken and was one of the best horses in the class. Farrell VDL is one of the TOP horses we selected for this years auction. Our 3 year old mare It's a Girl GR won the National Championship for 3 year old mares and we had 3 more mares in the Final top 10. A great year again for our Stud.

Many of the horses sold in previous auctions are performing great for their owners and riders at all levels. Don Vito (Dior), who is a full brother to our Grand Prix stallion Baltic VDL, was ridden by Sergio Moya but now recently sold and ridden by Ben Maher. This new combination was amazing at London Olympia show and as 8 year old horse he was one of the most successful horses overall at that top show. Farona was sold in last years auction and won the 6 year old series in Canada with her rider Daniel Coyle. Besides that, they won 3 classes at Spruce Meadows this summer. Also they placed in the Canadian Series Finals where in 6 year olds Quintin VDL placed 3rd, Essedon (Foxanne JR) placed 5th and VDL Ferrari SMH placed 6th. In the 5 year olds Remington (Glenn VDL) became 3rd and Nikita (Gina) became 8th. Several horses that were sold at the auction are already successful at Grand Prix level and a lot more will follow. At the references pages you will find a good amount of the horses that were sold at previous auctions. Results don't lie and we are very proud that a lot of the riders and owners are very successful with the horses.

We very much look forward to the auction and believe that with a great organizer such as Equestrian Sport Productions and the quality of the horses in the auction, this will be a great event and hopefully create many very satisfied new owners, trainers and riders.

VDL CARTHINA Z

Mare – Chestnut – Born 2012 – Height: M

Level competing at: 1.10m

| Carthino Z | Carthago Z | Capitol I |
| | | Perra |
| Varlady | Dakina | Amor |
| | | Wokina |
| | Emilion | Wellington |
| | | Ramirha |
| | Larlady | Concorde |
| | | Ferlady |

1

VDL Carthina Z is a very talented young mare that is very easy to ride. Her canter is very light-footed and balanced. She has a great technique and is very athletic. She jumps very quick from the floor and has a lot of scope. This mare has the potential to become a Grand Prix horse.

Sire: Carthino Z was a highly successful showjumper himself and carries the excellent genes of both Carthago, Amor and Nimmerdor. Ridden by Dutch rider Gerben Morsink, Carthino Z won the silver medal at the FEI World Championships for 7-year-olds in Lanaken and won the bronze medal in both the Dutch championships as the Sires of the World. Nowadays, dozens of offspring by Carthino Z perform successfully at international level.

Dam: Carthina's dam Varlady is a daughter of the strong broodmare Larlady. This mare produced numerous international showjumpers, such as the Grand Prix-showjumper Pjort (Chris Moyce). Varlady's half-sister Rylady is the dam of the international show-jumper Wizzerd (Benyamin Ajdar Alshafir).

Dam's sire: Emilion is one of the most influential sires in the Netherlands of the past thirty years. Ridden by Germany's Ulrich Kirchhoff, Emilion was among world's best as a showjumper and he continued his success as a sire. Offspring like Seldana (Abdullah Al Sharbatly), Glasgow (Norman Dello Joio), VDL Groep Tomboy (Eric van der Vleuten) and many more have made a name for Emilion in breeding.

Dam's grandsire: Concorde is the third foundation sire in a row in the pedigree of Carthina Z. Concorde carries the bloodlines of Voltaire and Marco Polo and jumped at the high level with several top riders, such as Jos Lansink and Eric van der Vleuten. As a sire of stallions like Namelus R, Larino, Holland and Marius Claudius, he is still influential today. But mostly, Concorde lives on through his many, many successful daughters who all inherited his quality and light-footedness.

2

Indoctro son VDL Hamilton is a long lined good looking gelding. He has a good ride ability with a good canter. Hamilton has a good technique, is good and careful with good scope. This elegant VDL Hamilton is a very nice horse.

Sire: Over and over again, Indoctro is represented at the highest level by offspring. Without a doubt, he is one of the best and most influential stallions the breeding of showjumping has ever known. Offspring like Hello M'Lady (Scott Brash), VDL Groep Arera C (Maikel van der Vleuten), Cas (Cameron Hanley) and Baileys (Michel Hendrix) currently represent Indoctro at the very highest level of showjumping.

Dam: Bocetto Gran Satt brings in a Hanoverian damline. Her dam Grandia already produced the Hanoverian approved stallion Fosbury and the successful showjumpers Make Believe Salina and Winipeg, who jumped at 1.40m level and 1.45m level respectively.

Dam's sire: Conchetto is a son of Calletto I out of a Danish bred damline. Conchetto jumped at international level with Germany's top lady rider Meredith Michaels-Beerbaum and stood out of with his great push from the ground and power. After his impressive career at Grand Prix and Nations Cup level, Conchetto was successfully used in breeding.

Dam's grandsire: Although Grannus was born 45 years ago, his influence can still be felt today. As a sire he was successful, but as a dam's sire Grannus was one of the best ever. For Pleasure (Marcus Ehning), The Sixth Sense (Thomas Frühmann) and Weihaiwej (Franke Sloothaak) are just a few examples of legendary horses bred out of a dam by Grannus.

VDL Haraltic is a gelding that is very good to ride. He has a very light-footed athletic canter. He jumps with a good technique in his hindquarters and finishes the jump very well. He is quick in take-off and has a lot of athletic scope. Haraltic is a great horse for the future for amateur and professional.

Sire: In 2016, Baltic VDL and James Billington developed into a fantastic pair up to 1.50m level. Baltic VDL finished 2nd in the 1.50m of Drammen, 5th in the 1.50m of Kiel, 6th in the 1.45m of Wierden, 7th in the Grand Prix of Indoor Wierden and 8th in the 1.50m of both Geesteren and Ommen. In addition, Baltic VDL finished 10th in the FEI Sires of the World in Lanaken. As a sire, Baltic has already been successful with several approved sons, such as Hampton VDL who was auctioned last year at the WEF Sport Horse Auction.

Dam: VDL Haraltic's dam Larcona is a fantastic broodmare in all aspects. She produced successful showjumpers such as Payback (Rob Hoekstra) and Watch Out (Morten Djupvik), but also the dressage sire Rhodium. In addition, Larcona is the granddam to showjumpers such as Gorre (Joseph Clayton), Elisa (Michol del Signore), Ides van de Heikant (Joy Lammers) and Fashion (Laetitia du Couëdic).

Dam's sire: Ramiro Z is without a doubt one of the founding fathers of modern breeding of showjumpers. It is impossible to imagine a world of showjumping without the influence of Ramiro. His number of approved stallions is countless; the list of international Grand Prix showjumpers is endless.

Dam's grandsire: Just like Ramiro Z, Voltaire is a true foundation sire. Voltaire brought the famous genes of Furioso II to the Netherlands and produced jumping talent after jumping talent. Through his world-famous son Kannan, Voltaire's influence can still be seen today at the highest level of showjumping.

VDL Heike ES is a very nice mare. She is well bred. Her mother competed at 1.40m level. She has a lot of blood. Heike has a very quick take off. She is very careful and brave. Heike has good scope. VDL Heike ES is a winner in the ring.

Sire: At last year's edition of the WEF Sport Horse Auction, the offspring of Falaise de Muze caught the eye with their exceptional jumping talents. Again, the collection of the WEF Sport Horse Auction included several offspring of the fantastic stallion Falaise de Muze. Ridden by Annelies Vosselms, Falaise jumped up to 1.50m level and showed all the scope for the highest level. Falaise is a son of Wandor van de Mispelaere out of Harrie Smolders' famous mare Walnut de Muze. Falaise passes on scope, power and carefulness.

Dam: Ciana Z is an international showjumper herself. Ridden by Robert Vos and nowadays Brazilian rider José Pereira Wilken Bicudo, Ciana Z jumps at international 1.40m level. Ciana's pedigree finally goes back to the mare Festa, who also jumped at international level. In addition, this damline produced several successful showjumpers such as Liberty van de Sterhoeve (Ea Joinneau) and Venus Dream (Reto Ruffin).

Dam's sire: Cade Z is a son of Chris Kappler's Calvino Z out of the famous mare Malaguena la Silla, who jumped at international level with Rolf-Göran Bengtsson. Malaguena la Silla is again a daughter of the legendary Quick Star and the international jumping mare Glad Tidings – a daughter of the even more famous Adith, who jumped at international level with Hap Hansen. Adith has been used as a broodmare in the United States and produced numerous successful offspring.

Dam's grandsire: Unari van de Wolfsakker has been known in the sport as RMF Valiente, jumping up to 1.50m level with Pilar Cordon and Kean White. Nowadays this son of Quasimodo van de Molendreef – sire to Scott Brash' Hello Sanctos – is ridden by Sarah Nagel-Tornau.

VDL Hollandia is a well bred mare. She has a lot of Grand Prix Sires in her pedigree and we find that in her potential. Hollandia is a very easy to ride mare. She has a very nice technique at the jump, is quick from the floor and is careful. She has scope and a great attitude. VDL Hollandia is a very complete jumper that can develop to be your Grand Prix horse.

Sire: The sadly deceased Spartacus had a successful sports career at the highest level and seems to be turning into a good sire as well. Ridden by Marco Kutscher, Spartacus pulled off some wonderful results at World Cup level and later on his career he achieved success after success with Henk van de Pol. As a young stallion, he did not cover many mares, but out of this limited number some already jump at 1.50m level. In the Netherlands, his oldest offspring are now 6-years-old and look very promising.

Dam: Dudine has been awarded 'Elite' by KWPN and bred out of a famous Dutch damline. Her granddam Nike jumped at Grand Prix level with Andrew Davies and Nike's dam Jente and granddam Florence also performed at the very highest level. This brilliant damline produced a great number of int'l showjumpers, such as AD Ricardo (Athina Onassis), Feline Ask (Soren Moller Nielsen) and Trix (Karim El Zoghby).

Dam's sire: Quidam de Revel needs almost no explanation. As a sport horse, he won the bronze medal with the French team at the Olympic Games in Barcelona in 1992. As a sire, his influence is incredible. Stallions like Nabab de Rêve, Guidam, Dollar dela Pierre, Quantum, Quaprice Bois Margot and many more are just a few examples of his approved sons.

Dam's grandsire: Voltaire is without a doubt one of the most influential sires of the past century. As a dam's sire, his influence is tremendous: he stood at the basis of many successful breeding lines. As a sire of stallions like Kannan and Concorde, Voltaire also lives on through his sons.

Houdini has a lot of scope. VDL Houdini is a horse with a lot of potential for the Grand Prix ring but can also be your next equitation horse.

Sire: Inshallah de Muze has all the ingredients to become a great sire. His pedigree is unbelievable: Nabab de Rêve, For Pleasure, Darco, Chin Chin – they are all among world's best. Inshallah's granddam Narcotique de Muze II is the dam to many international showjumpers and is the granddam to Vagabond de la Pomme (Pénélope Leprévost). Ridden by Pieter Devos, Inshallah de Muze shows a lot of scope and performs already at 1.50m level.

Dam: Houdini's dam Trannuschka was awarded 'Ster' by the KWPN and already produced Zanuschka, who jumped at international level with Rob Heyligers. Trannuschka's dam Grannuschka was imported from Hannover and was bred out of the same damline as the successful showjumper Catinka (James Davenport & Angelie von Essen).

Dam's sire: Emilion is one of the most influential sires in the Netherlands of the past thirty years. Ridden by Germany's Ulrich Kirchhoff, Emilion was among world's best as a showjumper and he continued his success as a sire. In 2012, they secured the team silver medal at the Olympic Games in London and in 2014 they won team gold at the World Equestrian Games in Caen. As a sire, Bubalu passes on his fantastic mentality, scope and carefulness.

Dam: Uzamięka VDL is one of the best mares of the VDL Stud out of famous damline of Azięmieka. Uzamięka's best known son is the KWPN-approved stallion Bugatti VDL, who jumped at 1.60m Grand Prix level with USA's Candice King. This damline produced countless successful showjumpers and approved stallions, such as Glenridge, Arkansas VDL, Freeman VDL, Southwind VDL, Celena VDL and Anderson VDL.

Dam's sire: Indoctro needs no explanation. He is without a doubt one of the most influential sires of the past decade. Offspring like Hello M'Lady (Scott Brash), VDL Groep Arera C (Maikel van der Vleuten), Cas (Cameron Hanley), Imothep (Taizo Sugitani) and Baileys (Michel Hendrix) represent Indoctro at the very highest level of showjumping.

Dam's grandsire: As a son of the foundation sire Le Mexico, Silvano's contribution to modern breeding of showjumpers is greater than you would expect with his number of offspring. Through his grandson Heartbreaker, Silvano's genes are found in the pedigrees of many world-class showjumpers.

Freestyle is a very pretty gelding. He has a good canter and is very rideable. He has a good technique, is careful and has a lot of scope. We believe he has a lot of potential to jump the big courses in the future. We think he has the potential to be a Grand Prix horse.

Sire: For the second year in a row, Falaise de Muze delivers talented showjumpers for the WEF Sport Horse Auction. Falaise de Muze jumped himself successfully at 1.50m level with Annelies Vorsselmans and showed the scope for the big Grand Prix. Falaise is a son of Wandor van de Mispelaere out of Harrie Smolders' famous mare Walnut de Muze. Falaise passes on scope, power and carefulness.

Dam: Charlotte Z was bred out of one of world's best damlines. Her granddam Roxan Z is no one less than the full-sister of the legendary mare Ratina Z – not only the silver Olympic medalist and European champion, but also the dam of Marcus Ehning's Comme Il Faut. Charlotte's dam Life Style Z produced numerous int'l showjumpers, such as Dino W of Bertram Allen.

Dam's sire: Ridden by Chris Kappler, Calvino Z jumped successfully at international level, showing all the potential for the major Grand Prix competitions. Unfortunately he got injured too early, but served excellent as a sire for breeding. From a limited amount of coverings, offspring like Grupo Prom Challenge Z (José Hernandez Ortega), California Girl (Amber Fijen) and Balvino (Brandon Howard) jump successfully at Grand Prix level.

Dam's grandsire: L'Amour Z is a son of the world-famous thoroughbred Laudanum xx. Out of a limited number of offspring, L'Amour Z has been very influential producing several international showjumpers. Sire Laudanum xx was one of the founding fathers of the French breeding of showjumpers.

VDL Geacermeta is an Elite mare and is very well bred and is a modern type sport horse. She takes her rider to the jump without getting too strong. She is very quick in take off and careful. She uses her body well and is scopy. VDL Geacermeta is a mare with a lot of potential.

Sire: Indoctro's influence on modern breeding of showjumpers is incredible. Over the years, he covered a great number of mares and produced many international Grand Prix showjumpers, approved stallions and successful broodmares. Offspring like Hello M'Lady (Scott Brash), VDL Groep Arera C (Maikel van der Vleuten), Imothep (Taizo Sugitani), Cas (Cameron Hanley) and Baileys (Michel Hendrix) represent Indoctro at the very highest level of showjumping.

Dam: Cermeta W jumps at international 1.35m level with Mexico's Gustavo Ramos and earlier on with Dutch rider Robbert Ehrens. In addition, Cermeta was awarded 'Elite' by the KWPN and she successfully passed her IBOP-test. Cermeta's dam Germeta is the dam to several international showjumpers, such as Cermeta's full sisters Miss Blue and Okometa, ridden by Jurgen Stenfert.

Dam's sire: Mr. Blue was a brilliant showjumper himself, but is nowadays mostly known for his brilliant offspring. VDL Zirocco Blue (Jur Vrieling), Plot Blue (Marcus Ehning) and Simon (Beezie Madden & Jeroen Dubbeldam) are just a few examples of Mr. Blue's offspring who are or were among world's best and most successful showjumpers. As a dam's sire, Mr. Blue has also been successful already.

Dam's grandsire: Wolfgang is a 'Keur' awarded foundation sire of the KWPN. He was known for his stunning looks, but he certainly has passed on his showjumping talents to his progeny. For example his son Handel II, who was for years the best showjumper of Michael Whitaker and was among world's best. As a dam's sire, Wolfgang is maybe even more influential, passing on his great conformation and genes.

Gigolo is a very uncomplicated horse. He has a good canter and is very brave. Gigolo is careful and has a lot of scope. This is a very good amateur horse with a great mind and scope, but Gigolo can also develop into a horse for the International ring. VDL Gigolo is a very consistent horse.

Sire: Arizona was an impressive stallion by Utrillo van de Heffinck and Libero H. Unfortunately, Arizona passed away too soon to make his breakthrough at the highest level, but his offspring show a lot of potential. Although his oldest offspring are 6-years-old, some of them have already made their debut at 1.40m level. In addition, Arizona brings in the genes of the famous mare Secret Love Wonderland – dam to Dulf van den Bisschop, Holland van den Bisschop and Estina.

Dam: Little Dream herself jumped successfully at 1.40m level, while her dam Lorina II jumped at Grand Prix level with Daniel Etter and her granddam Ostia jumped at Grand Prix level as well. And there is more, since Little Dream is the full-sister of the Grand Prix showjumper Lordessa and she is closely related to the famous stallion Berlin of Gerco Schröder. This Holsteiner damline 890 has produced countless top horses over and over again.

Dam's sire: As the name suggests, Lord Caletto combines the genes of the famous sires Lord an Caletto I. Both Lord an Caletto I have produced many successful stallions and showjumpers, but they are also known as 'mare makers'. Their influence on the dam's side of the pedigrees has proven to be huge. With Lord Caletto in the damline, these two legends have their influence on Gigolo.

Dam's grandsire: Lombard is one of the many approved stallions by Landgraf I and represents the famous Holsteiner L-line. Lombard himself jumped at 1.50m level and out of a limited number of coverings, he gave many international showjumpers and approved stallions.
